### TELECONFERENCE CLASS — NOV 11<sup>th</sup>.

This is the virgin news-  
letter! I am hoping to  
provide success stories  
from past clients that  
they may share with oth-  
ers. EFT continues to  
amaze me with its re-  
sults!

Over the past two years I  
have been successfully  
conducting phone ses-  
sions to as far away as  
Texas.

To make it easier and  
cheaper for those who  
know EFT, I am now  
offering a group telecon-  
ference/class on

Wednesday evenings  
from 7:00 – 8:30 PM to  
begin Wednesday, Nov.  
11 and to consist of 5  
classes – Nov. 11, 18,  
Dec. 2, 9, and 16, for a  
cost of \$25 per class or  
a package price at  
\$100.

You may either send  
check to me: 18 Locust  
Lane, Rye, NY, 10580  
or use Pay Pal on my  
website:

[www.melindamartin.net](http://www.melindamartin.net).

After you make pay-  
ment, you will be given  
a call-in number  
and conference  
code.

I can be reached at 914-  
967-0770 and would  
love to hear from you!

Just as in former groups  
we will use” Borrowing  
Benefits” in which each  
Participant writes down  
their issue, gives it a  
number 1-10 in inten-  
sity and then taps as if  
they were the person  
with whom I am work-  
ing. I will also use the  
“promises” procedure  
and any other protocol I  
have learned along the  
way.

*Hope to be working with you soon.*

*Love, light and peace, Melinda*

### A Dream

It is my dream that all  
group tappers take EFT  
into their families, so-  
cial groups and work  
places.

Leslie Vellios, a social  
worker has taken EFT  
into her Yonkers Gram-

mar school and has  
helped her students to  
quell their acting out  
and anxiety to the ex-  
tent that teachers and  
parents are curious  
about what is creating  
this change. Imagine if

all schools taught and  
used EFT!

Liz Brown, a former  
group member, is now  
giving Workshops,  
Groups and teleconfer-  
ences in her commu-  
nity!

and in every tradition  
before ours,  
healing was accomplished  
by moving energy.”*
